

Not many sunny days this summer! I have shown the number of sunny days for each month on the pictogram. Can you answer the questions?

 = one sunny day

Sunny days

1. How many days were sunny in May?
2. Which month had the most sunny days?
3. Which two months had the same number of sunny days?
4. How many sunny days were there in July, August and September, altogether?
5. What is the difference between the number of sunny days in April and June?
6. How many sunny days were there altogether?

Plenty of wet days this summer! I have shown the number of wet days for each month on the pictogram. Can you answer the questions?

= one wet day

Wet days

April

May

June

July

August

September

1. How many days were wet in July?
2. Which month had the most wet days?
3. Which two months had the same number of wet days?
4. How many wet days were there in June, July and August, altogether?
5. What is the difference between the number of wet days in May and September?
6. How many wet days were there altogether?

Keep a record of the days that it rains and make your own pictogram.
