Go-Ride Clubs offer a fun, inclusive and safe environment for young riders.

At the heart of Go-Ride activity is the opportunity for riders to progress in a traffic free environment and develop their skills so they can build their confidence and competence and make cycling an enjoyable active leisure activity.

Gives parents peace of mind: All Go-Ride Club volunteers are suitably qualified, including PVG checks, and all Go-Ride activity is suitably risk assessed.

Easy to get involved: Just like any sports club, the emphasis is on regular, local and affordable activities to make it easy to keep coming back and create a sporting habit for life.

The Club is committed to encouraging all to join and has schemes for riders to borrow bikes and has free membership and bike loans for qualifying young riders.

Creates champions: Most of Scottish Cycling's biggest stars started out at a Go-Ride Club and progress to competing from there.
