

St David's Nursery

Vision, Values and Aims

At St David's Nursery, our vision, values and aims were co-constructed with the children, families and staff of session 2023-24. We collated these views through observations, drawings and feedback and linked these to our curriculum and frameworks. Our aims ensure that we deliver a high-quality curriculum that keeps our learners at the heart of our actions and interactions.

At St David's Nursery our values are **FREE**.

Fun, Respected, Empowered and Empathetic.

Our visual represents the holistic curriculum that we deliver to all our learners.

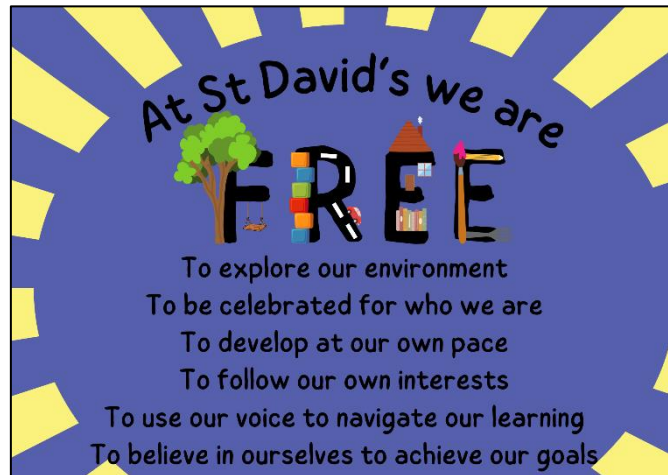

At St David's Nursery our vision is **FREE to be ME**.

With a rich, diverse community we want all learners to feel free to be themselves and be celebrated for their uniqueness. We chose the kite to represent that our Nursery is part of our St David's family and we aspire for our children to fly high.

At St David's Nursery our aims ensure that our children are:

FREE to explore our environment

FREE to be celebrated for who we are

FREE to develop at our own pace

FREE to follow our own interests

FREE to use our voice to navigate our learning

FREE to believe in ourselves to achieve our goals
